

Construction Update (2015-11-29)

**With all of the closures in and around the church, please pay attention to the signs that warn us not to enter the affected areas. These signs have been installed to maintain our safety, so do not go into any of these areas.**

The good news for this week is that by Sunday, December 6, we expect to have a new audio system installed in the sanctuary which will allow for wireless mikes and greatly improved sound. Thank you for your patience and understanding while the solution was being crafted.

Our contractor will be working on new floor supports under the old library and new construction should be seen between the sanctuary and the chapel very soon.

**Reminder:**

Currently, there are two ways to enter the sanctuary, either through the front doors or through the north door (the door near the lectern). The door near the lectern is also the way to exit the sanctuary to the nearest restrooms located on the balcony above Fellowship Hall. Please remember that all children elementary age and younger must be accompanied by an adult when leaving the sanctuary. This is a safety issue, and it is very important that we keep our children safe.

**We appreciate how cooperative everyone has been during this phase of the renovation, and we realize that there will be more changes to come that will require everyone's gracious flexibility.**
